# **RULES for CONSTRUCTION CREWS**

Sherwood Forest welcomes contractors and construction workers to our community. The Homeowner's Association will cooperate with crews to ensure timely project completion, and asks workers to respect the safety and environmental rules of our community.

- Use care when driving on neighborhood roads. Do not exceed the 20 mph speed limit. Stay on your side of the road.
- Do not throw drink cans, food wrappers or cigarette butts on the roads or roadsides.
- Parked vehicles must not block roads or cause a traffic hazard. Car pool from the Barn if necessary.
- Keep the work site clean. Put all construction and other trash in containers.
- No open burning is allowed. A hand-warming barrel is permitted during working hours in winter months. The fire must be completely put out at the end of the working day.
- Radios should not be played so loudly as to disturb nearby residents.
- The discharge of firearms is prohibited.

The residents of Sherwood Forest thank you for following our rules. Remember, a violation of these rules could cause the Homeowner to pay a fine.

**PLEASE POST AT JOB SITE**
